Dear Reader

I deem it to be a matter of immense pleasure and honour for me to address you all through the fifth newsletter of CP5M College of Education. It is indeed very heartening to witness that the college has carved a name for itself in the academic scenario of the region. Education is the most powerful tool to bring desirable changes in our personality and also to bring positive changes in our society. It is the only medium which enables you to move from darkness to brightness.

It is said that when the unexpected or impossible happens, you are caught off balance. In this third decade of the millennium, Indian economy was at an inflection point but we were unexpectedly hit by a pandemic wave. As the nation went in a lockdown, its impact was felt across all strata of our society. The youth had to shoulder the burden of the system collapse hurting the education sector. But unfazed by the unexpected crisis, our dynamic and professional CP5M rose to the challenge and set about energizing hundreds of young minds to fight the adversity. They rapidly retooled, redesigned and delivered a significant body of knowledge to deliver seamless digital learning engaging the students with sufficient skills, knowledge and attitude to meet the challenges of the society.

# ***From the Director's Desk***

Dear Reader

It is fact that education is a dynamic process in which new-fangled thoughts are supplemented persistently to construct the education in progressive approach. It is also realism that the nation is as strong as its education system. It is the education and its system that makes the country great, strong and developed.

Teacher is a part and parcel component of education system on which all entities depend upon. Teacher does not only make planning of education system but also execute, monitor and evaluate the achievement. CPSM College of Education plays a very indispensable role in developing personality of teachers. It has well-developed infrastructure including e-learning, psychology laboratory as well as established many cells and committee to cater the need of students. The college has achieved numerous achievements and has a reputation for producing highly motivated and exceptional teachers.

No matter who you are, no matter what you did, no matter where you've come from, you can always change, become a better version of yourself.

With best wishes for your bright future

(Col. S.S. Dhankhar)
